Happy New Year 2016!

Have you made any New Year's resolutions? We have books and videos, CD books and e-books about weight loss and exercise, organizing your stuff and learning a language or a new skill.

Our New Year's resolution is to make sure the library building is in good shape. To that end, we have an engineer's report detailing the various maintenance items that need care in the immediate, mid-range and long-range future. The last time major maintenance was done was in 1997-99 when we built an addition and rebuilt the interior of the original building. In the interim, we have painted, cleaned and done regular maintenance on all the systems. Almost 20 years later, there is age and use related wear that needs attention.
