The Friends

The Friends of Floyd Memorial Library is committed to the formation and maintenance of closer relations between the free library and its community members.

Support for library services and programs are at the core of our organization.

We act as a liaison between the library community and the library board of trustees to focus attention on the free library's functions, resources, services and needs.

Through community outreach, public events, and fundraising, we assist in the development of programs for the extension and improvement of free library services, resources and facilities.
